Welcome

At St. Andrew's C.E. Infants' we aim to provide an environment where all our children are safe and happy, where people surround them with care, support and daily opportunities for learning enabling them to flourish as unique individuals.

We value our staff, pupils and parents resilience and strengths, supporting one another and encouraging each other to 'be the best we can be'. We value those very special times that make such a difference; the moment a child wishes you a good day, the time when a child understands the maths problem or new word or simply a smile on a rainy day

Carol Meakins

Our School Vision

At St. Andrew's C.E. Infants' we promote opportunities to learn skills for life on a daily basis.

We learn together in friendship, respecting and valuing one another in all that we do.

We come to St. Andrew's each day living by and in FAITH.

'I have come that you may have and enjoy life and have it in abundance until it overflows.'

John 10 v 10

Our Intent for Every Child

·For every child to be safe, to know they're cared for and their individual needs met;

For every child to be excited by learning, becoming a confident, enquiring, life-long learner;

For each child to make progress, to achieve and attain their personal best, leaving St. Andrew's as a reader, writer and mathematician;

To be surrounded by and learn to demonstrate Christian values, respecting the world in which we live and those that work and play with us ;

For each child to know the importance of building friendships and being peacemakers, finding their way along a journey towards faith.

We have high expectations for all our children to be engaged, to be included and to be challenged in each learning experience; taking the next steps in confidence.

Christian values underpin all we are and all we do within the school. With this in mind, we would like to help all our school family to develop a further understanding of the Christian Faith as well as a respect for other faiths and beliefs.

Equality of Education

At St. Andrew's C.E. Infants' we are, throughout each area of the school day, keen to promote equality or opportunity for ALL, both staff and children alike.

Our curriculum and every learning opportunity can be accessed by all pupils, adapted where needed to ensure success for all.

Behaviour and Safety

Outstanding behaviour has high priority in the school where every effort is made to encourage a positive atmosphere of good relationships and shared values. Ofsted Sept 2018:- ‘In class, pupil’s behaviour is exemplary’.

We also seek to foster the values of mutual respect, self-discipline and social responsibility and to work in close partnership with parents at every stage of the child’s time at school.

All children are rewarded for good behaviour. There are set school rules which the children discuss with their teachers. If a child has difficulty complying with the rules, discussion takes place with parents to find the best way to resolve the situation.

All pupils work towards ‘dojo’s’ which translate into points for the class. These give opportunities to remind pupils how to behave and develop good attitudes to learning.

A Healthy School

We are committed to the promotion of the four areas that constitute a Healthy School.

We provide a strong P.S.H.E. curriculum and ensure that in all areas of school life attention is paid to each other's emotional health and well-being.

We actively promote healthy eating through a cross-curricular approach and enjoy a range of physical activities.

St. Andrew's realizes the importance of providing clear information to the whole school community and embraces our status of a Healthy School wholeheartedly.

We request no sweet gifts are brought in and politely request no gifts to celebrate a child's birthday please – thank you!.

We are a NUT free school

Nursery

Robins

Reception Classes

**Owls and
Woodpeckers**

Year 1 Classes

**Koalas and
Raccoons**

Year 1/2 Class
